

## HOUDS IN THE CHASE, WINNERS OF PREMIUMS

Montgomery County Fox Hunters' Association Has a Successful Field Trial.

Special Dispatch to The Star.

ROCKVILLE, Md., November 11.—Two fine exhibitions by hounds, each resulting in a fox being downed, marked the second and final day of the annual field trial of the Montgomery County Fox Hunters' Association. The weather was ideal, the trail conditions perfect and a day of splendid sport was enjoyed.

The event of the day was the pack contest, always the feature of the trial. Five packs of five hounds each participated and they were followed by thirty or more hunters, all mounted on horses.

### Reynard Chased to Den.

The first fox was started about 8 o'clock this morning in the big pines three miles east of Rockville. After circling a time or two the fox went straight away, and after a lively chase to a point near Coleville, eight miles from where the trail was first encountered, Reynard was forced to take to his den. It was decided that a section better adapted to good running could be found, so the hunters struck across the country to the farm of William Bogey, three miles south of Rockville. Here a fox was started without difficulty and for nearly two hours he was kept on the edge of a terrible pace. The big pack being in full cry the entire while. Things finally became too hot for the sly one that he, too, ran in, bringing the day's sport to an end.

Following the runs, the hunters came to Rockville, and this afternoon the prize winners were announced and the prizes awarded.

### List of Awards.

The judges, R. E. Fulton of Laurel, J. C. Higgins of Beltsville, and P. E. Cassard of Muirkirk, unanimously decided that the pack of Edmund C. Davis of Coleville had the best work, and the owner was awarded the prize of \$20.

The pack of James P. Gott of Barnesville was placed second, which carries with it a prize of \$10, and the pack of John C. Bentley of Sandy Spring was declared to have made third best showing.

Mr. Bentley was given a handsome medal. The judges of Andrew J. Cummings of Chevy Chase and George W. Edwards of Coleville were placed fourth and fifth, respectively.

The handsome silver cup offered for the dog doing the best trailing during the two days was won by Lee, belonging to Clay B. Edwards of Rockville, and the booby prize of a box of cigars for the dog making the poorest showing went to Long John, belonging to James P. Gott.

Several speeches were made before the hunters separated.

## ARCHER FUNERAL TOMORROW.

Services for Late Bank Director to Be Held at His Home.

Funeral services for Andrew Archer, who died Thursday, will be held tomorrow afternoon at 2 o'clock at his late home, 815 6th street southwest. Burial will be in Rock Creek cemetery. Members of the Association of Old-Fashioned Friends, to which Mr. Archer belonged, will attend.

A committee of directors of the Lincoln National Bank, comprising R. A. Walker, John F. DeLoe, Joseph Strasburger, and L. P. Lovins, yesterday afternoon adopted resolutions on his death. Mr. Archer had been a director of the bank since its organization. The resolutions are as follows:

"That in his death this bank has sustained the loss of a wise counselor, ever ready friend, and an earnest and devoted patron, and that the community has lost a public spirit, and a man whose heart was ever ready and open to give comfort and sympathy.

"That we tender to his family our heartfelt sympathy and assure them that their loss is also ours.

"That a copy of these resolutions be sent to his family and be placed upon the records of this bank."

### ON TRAIL OF THE COON.

Hunters Leave for the Woods Near Cabin John Bridge.

On the trail of the coon a party of hunters, headed by Henry H. Flather, cashier of Riggs National Bank, and the real article in coon dogs, slipped into the woods in the vicinity of Cabin John Bridge last night.

Mr. Flather took the party in a more or less straight line for the supposed haunts of a coon of high repute, which had out-generated many a huntsman. The going was not all that it might have been, however, and several times had to be called to get the party in line.

Besides Mr. Flather there were in the party George Vass, George Doane, A. J. Nevius, Cass Williams, W. H. Cooper, John S. Cooper, John J. McCarthy, R. Haines, Jerome Lightfoot and William Deiter. They left 10th and New York avenue shortly after 8:30 o'clock, and went directly to Cabin John Bridge, where the steward of the Anglers' Club transported men, dogs and equipment in a big six-horse straw wagon to the club. There an old-fashioned Maryland dinner was partaken of before the quest for game was undertaken.

### FAT MEN AT FOOD SHOW.

Those Weighing More Than 200 Pounds Guests of the Evening.

Plenty of eatables and drinkables are to be had at the food show in Convention Hall this week, to be carried away in the interior department of the visitors or in sample packages for trial at home, according to announcements made last night.

Men weighing more than 200 pounds were guests of the evening last night, which ended the first week of the fortnight exhibition. It was a congress of heavyweights.

President Taft is to be asked to come and see what is to be seen. Frederick A. Dodge, president of the Retail Grocers' Association, which is responsible for the food show, will wait upon President Taft and extend the invitation to visit the exhibition.

## LAWRENCE HUDSON MISSING.

Disappeared From His Home Over a Month Ago.

A purse containing numerous papers, life insurance collection books and several miscellaneous papers form a clue which central office detectives are following in efforts to find Lawrence Hudson, a life insurance collector, who disappeared from his home, 102 K street northwest, October 1. The articles named were recovered last night by C. W. Lippold, a policeman of the first precinct, from S. Herzog of 712 7th street northwest. According to Officer Lippold, the papers were left with Mr. Herzog, October 3 or 4, after Hudson had disappeared from his home. Hudson, who formerly served in the navy, is described as being twenty-two years old, about five feet ten inches in height, of medium build and light complexion. His face is smooth and he has blue eyes. He has a gold tooth in the front of his mouth and a small scar in the left corner of his mouth. A butterfly is tattooed on his arm. When last seen he wore a black derby hat and a black and white pin-striped suit, black shoes, gold scarf pin and gold buttons marked "H."

## WILEY SAYS SEGREGATE TUBERCULOSIS PATIENTS

Chief of Bureau of Chemistry Suggests They Be Put on an Island at Sea.

CRANFORD, N. J., November 11.—The segregation of all tuberculosis patients on an island at sea was suggested by Dr. Harvey W. Wiley, chief of the bureau of chemistry, in an address here tonight under the auspices of the Cranford Village Improvement Association.

"We must give the state power to stamp out tuberculosis and authority to segregate every infectious and contagious disease," said Dr. Wiley. "Every man, woman and child who dies of a preventable disease is either a suicide or a victim of murder. Thorough state supervision and regulation is the only solution of the problem."

"Every person here tonight will be before he ought to unless there are more concerted efforts for the conservation of public health," continued Dr. Wiley. "Public health is more valuable than all other national resources. If more women were taught properly how to use the cookstove, instead of the piano, America would be better off."

### Gives Credit to Women.

NEW YORK, November 11.—Dr. Harvey W. Wiley drew one resounding burst of applause after another from members and guests of the League for Political Education here today when, in speaking on "The Fight for Pure Food," he declared that the passage of the pure food law was due entirely to the emphatic feminine whispers of "Do it," sent inspiringly into the ears of representatives in Congress.

"The passage of the bill," he said, "was due to the Federation of Women's Clubs of the country."

## WAR ON TAYLOR SYSTEM IN EFFICIENCY RATINGS

Plan to Regulate Labor in Departments Condemned by A. F. of L.

ATLANTA, Ga., November 11.—New life was put into the preliminary preparations for the convention of the American Federation of Labor, which meets here Monday, by the arrival tonight of President Gompers and other members of the national council.

This year's convention will be no "pink tea party," according to Mr. Gompers. Several questions of national importance are scheduled to come before the organization, and there is a greater mass of detail work than ever before in the history of the federation.

### System Condemned.

One of the first things the national officers did on reaching the city was to approve the motion of the metal trades department in taking up the fight on the "Taylor efficiency system," which recently has been adopted by the federal government in some of its departments. "The Taylor system only tends to make the workman a mere machine," declared Mr. Gompers, and the fight against it will be taken up on the floor of the convention next week.

Mr. Gompers was asked about the proposed antagonism to himself as head of the federation by the socialist members of the federation. He smiled and replied that he always was ready to discuss the American Federation, but that he had nothing to say about socialism or its members.

### Metal Trades Body Adjourns.

The metal trades department closed its sessions today by re-electing all the old officers for another year. A resolution was adopted condemning the Taylor efficiency system and calling upon the federation to ratify the action of the department.

## PLAN TO ELABORATE INAUGURAL PROGRAM

Civic and Military Bodies Asked to Name Committees to Discuss Matter.

All civic, military, business and fraternal bodies are shortly to be requested to appoint special committees to join with similar committees of the Citizens' Northwest Suburban and the Brightwood Citizens' associations in the formation of a temporary organization in the effort to secure "inauguration week" celebration for Washington.

Hand in hand with the proposition to afford Americans a bigger celebration of the occasion will go the agitation to change the inaugural date from March 4 to the latter part of April. Charles C. Lancaster, Isaac E. Shoemaker, Dr. John W. Chappell, Fulton R. Gordon, Dr. A. M. Ray and Fred J. Heider form the committee of the Citizens' Northwest Association, while Louis P. Shoemaker, George Francis Williams, Wilton J. Lambert, Charles W. Ray, Jacob Xander and Daniel O'C. Callaghan represent the Brightwood Association. Messrs. Lancaster and Shoemaker were selected at the last meeting of the Federation of Citizens' Associations to prepare a report on the subject, to be presented at the next meeting of the organization.

### One Day Not Enough.

The idea to be advanced is that no good reason exists for not making the inauguration of the effective head of "the greatest nation on earth" as much an attraction as the crowning of potatoes, who at the best, it is declared, are rapidly going out of fashion. In order to bring the crowds in greater number than ever to Washington, and to interest the whole country in the important quadrennial event, it is declared, the program must be extended over a period of more than a single day.

Already the idea of changing the date and setting aside at least four days for the observance of inaugural events has gone over the country, and numerous letters are being received here inquiring as to the work in hand.

The suggestions of the local committees are that the first day shall be set aside for the inauguration of the President, who is to be escorted from the Capitol by the inaugural committee and a limited number of picked troops, to be followed in the evening by a grand ball and a number of concerts.

Second day—Parade of West Point cadets, the military and political clubs and their review by the President and Vice President. At night a grand ball to the Vice President and concert.

Third day—A parade of the naval cadets, Marine Corps and military organizations, to be reviewed by the President. At night a grand ball and opera.

Fourth day—A parade of historical and allegorical floats and commercial organizations, to be held in the afternoon and reviewed by the President and distinguished guests. At night a grand ball and opera.

### POLITICIAN IN THE TOILS.

Charged With Being the Brains of Triumvirate in Crime.

MINNEAPOLIS, Minn., November 11.—Fred A. Briggs, former Minneapolis politician and man about town, was found guilty of highway robbery today.

He is charged with being the "brains" of a trio of criminals in the Minneapolis-Town and Country Express robbery, which resulted in the death of Peter Juhl, who recently shot and killed Detective Fraser of the St. Paul police force.

### CLARKE FINISHES FIRST.

Exciting Sprint at End of Six-Day Bicycle Race.

BUFFALO, N. Y., November 11.—Jackie Clarke, the Australian, and his partner, Hill, won the six-day, eight-hour-a-day bicycle race, which ended here tonight. Of the nine teams sent away last Monday, the Palmer-Stein pair alone dropped out, and five of the teams finished with 1,075-1-3 miles to their credit. The other three teams were a lap behind. In the final sprint a mile to break the tie, Clarke finished first, J. Bedell, second; Root, third; Drobach, fourth, and Ryan, fifth.

# WASHINGTON TESTIMONY

## ARE YOUR KIDNEYS WEAK? GET THE REMEDY INDORSED AT HOME.

Local testimony is the best proof of merit. The testimony must be true or it could not be published here. Investigate these Washington cases if you will.

Then insist on having DOAN'S. You will KNOW what you are getting.

### BATES STREET N.W.

B. K. Alder, 25A Bates street n.w., Washington, D. C., says: "Doan's Kidney Pills did me a world of good, and if a public account of my experience will lead other kidney sufferers to try this remedy I willingly give it. I suffered for five years from an annoying kidney weakness and an almost constant backache. I believed that my trouble was caused by my being on my feet so much. I took most every remedy that was brought to my attention, but to no avail until I procured Doan's Kidney Pills at Stevens' Pharmacy. They stopped the backache and regulated the passages of the kidney secretions." (Statement given in November, 1908.)

### A LASTING CURE.

On April 18, 1910, Mr. Alder said: "It gives me great pleasure to confirm my former indorsement of Doan's Kidney Pills, and add that the cure they effected in my case has been permanent."

### SEVENTH STREET N.W.

Mrs. James H. Keister, 1711 7th st. n.w., Washington, D. C., says: "I suffered for many years from kidney complaint. My back was weak, and whenever I did any extra housework I suffered from a severe ache across my loins. I slept poorly and was in misery most of the time. Doan's Kidney Pills, procured at Stevens' Pharmacy, helped me from the first, and the contents of two boxes disposed of every symptom of my trouble. I cannot give this remedy too much praise." (Statement given November 9, 1906.)

### A LASTING EFFECT.

Mrs. Keister was interviewed on April 13, 1910, and she said: "The cure Doan's Kidney Pills effected in my case has been permanent, and I am today enjoying good health. I willingly confirm all I have previously said about this remedy."

### B STREET S.E.

E. L. Hunt, 1247 B street s.e., Washington, D. C., says: "You are at liberty to continue the use of my name as one who indorses Doan's Kidney Pills highly. This remedy has been used in my home with success, and I know of many other people who have been cured of kidney trouble by it. A member of my family suffered from backache and trouble with the kidney secretions for years, and tried all kinds of medicine without getting relief. As soon as Doan's Kidney Pills were taken, however, every symptom of kidney complaint was removed, and during the past six years the cure has been permanent."

"WHEN YOUR BACK IS LAME REMEMBER THE NAME"

# DOAN'S KIDNEY PILLS

Sold by all dealers—50c. a box. Foster-Milburn Co. Buffalo N.Y.

## STOP! THINK! HAVE YOU SUSPECTED YOUR KIDNEYS?

YOU may have kidney trouble and not know it. The only signs may be an occasional twinge in the small of the back, constant lameness and tiredness, dizzy spells, or some annoying irregularity of the kidney action, like too frequent or scanty or painful passages.

But no sign of kidney trouble can be safely ignored. Kidney disease moves rapid and silently. It breeds uric poisoning, attacks upon the nerves, brain, heart or stomach. It causes dropsy, gravel, Bright's disease, diabetes, rheumatism, gout.

If you have any reason to suspect that your kidneys are sluggish or weak, use Doan's Kidney Pills, which have brought relief to thousands.

## HOME PROOF HERE, THERE AND EVERYWHERE.

Doan's Kidney Pills are advertised everywhere with home testimonials, some 40,000 names being employed all the time in 3,500 cities.

The reputation of Doan's is founded on merit, honesty and truth. Read Washington proof:

### N STREET N.W.

Mrs. S. C. Turnbull, 1427 N street n.w., Washington, D. C., says: "Doan's Kidney Pills did me more good than any other kidney medicine I ever took, and I am just as willing to recommend them today as I was some years ago, when I gave a public statement in their praise. I was a sufferer from kidney complaint, and it seemed as if there were no relief for me. My back ached day and night, and I could not get my proper rest. The kidney secretions caused me much annoyance, and I knew that my kidneys were in bad shape. Soon after beginning the use of Doan's Kidney Pills I improved, and I continued taking them until I was entirely relieved. Off and on since then I have taken this remedy, and it has kept me in good health."

### M STREET N.W.

Bert Pryor, 3044 M street n.w., Washington, D. C., says: "My back was in bad shape, and at times was so lame and painful that I could hardly endure the misery. It was impossible for me to stoop, and when I did manage to do so I thought my back would break. The kidney secretions passed too frequently and deposited a sediment when allowed to stand. I heard so much in favor of Doan's Kidney Pills that I finally got a box at Stevens' Pharmacy and began their use. I soon found that they were helping me, and continued to take them until I was cured. I am now able to attend to my work without the least trouble from my back." (Statement given in November, 1908.)

### A WILLING CORROBORATION.

Mr. Pryor was interviewed on April 12, 1910, and he said: "Kidney trouble has not bothered me since I was cured by Doan's Kidney Pills some years ago. I recommend this remedy just as highly today as I did when I gave my previous statement."

### 4 1/2 STREET S.W.

Mrs. Silas D. Lewis, 1233 4 1/2 street s.w., Washington, D. C., says: "I am only too glad to tell other kidney sufferers about Doan's Kidney Pills, and I willingly confirm all I said in praise of this remedy when I publicly indorsed it in 1908. My back ached intensely, and it was almost impossible for me to stoop or get up. I was in a constant state of nervousness, and my sleep was disturbed. I began taking Doan's Kidney Pills and found that they were helping me, and continued to take them until I was cured. I have had no cause for complaint since."

## PANIC IN A THEATER.

Flaring Up of Motion Picture Film Causes a Stampede.

ROCKVILLE, Conn., November 11.—The sudden flaring up of a film at a moving picture show at the Rockville Opera House, followed by a cry of "fire," caused a panic tonight among the nearly 700 persons in the audience. Frightened by the sudden blaze, men, women and children started in a mad rush for exits. The women casting away their hats and wraps in their haste. As soon as the crowd began to move quick-witted employees opened the emergency exits and a jam at the main entrance was prevented. One woman fainted, but no one was injured, but after a short time the assurances of the management that there was no danger had the crowd returned to their seats.

# If Mutt Bought a Lion He'd Probably Get the Kind a Baby Could Play With :: By "Bud" Fisher
